Infinito Gallery, 79 Leonard St, New York City

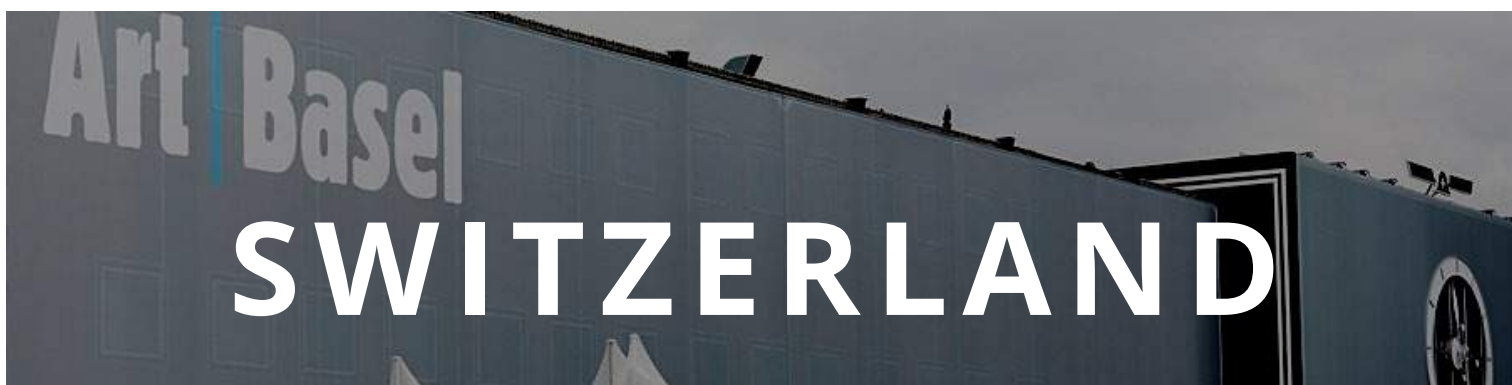

EQUATION

5/16/18 | 5pm-10pm

Please join us as Peter paints along to live music by Jonathan Bingham, after which the completed masterpiece will be generously donated to a colon cancer charity event. Peter Triantos Solo Show will remain open from 10am to 8pm on Thursday, May 17th to Friday, May 18th.

Peter Triantos is thrilled to return to New York City for another solo show this May! Following the show will be EQUATION, a charity event in which Peter will paint alongside a live orchestra conducted by Jonathan Bingham and create one of his masterpieces in only seven and a half minutes! Always pushing his artistry to new levels, Peter is up for the challenge.

All proceeds from EQUATION and Peter Triantos' highly anticipated new artwork will be donated to a charity in support of colon cancer. Don't forget to get your tickets to EQUATION before they sell out and be a part of an evening filled with live performance art and classical music - for a great cause!

The hit 'Jelly Bean' series achieves a visual harmony and balance that radiates positive energy and joy. Triantos' unique use of vibrant colours and bold brush strokes come together to create a lively composition that transcends the limitations of the canvas and touches human emotion. THE ULTIMATE PARADISE OF

MIND ESCAPES

This is where I like to hide - on the second floor of my studio where I can work without interruption! (Although, there are always some scheduled visitors daily!)

Always a strange new direction but it always seems to work out great!

Napa Valley #34

Take a trip down to the beautiful vineyards of Napa Valley in the comfort of your home through the Napa Valley series. This abstract take on the stunning scenery and colours of Napa Valley is sure to take your breath away with its varying brush strokes and splatter. The artist's thoughtful use of colour in each of the pieces represent a harmony and uniqueness that can be found only in nature.

The gallery always wants our clients satisfied and to keep up with our high demand, we undertake commission based projects. The process begins with a consultation to discuss your needs and desires. The development of the piece takes around four to six weeks for completion, however with our high demand, it is best to check with us. We ask for a deposit which covers some of the artist expenses. Please note that the artist does not replicate his previous works. The colours, texture and style will be similar, yet the work will always be a unique, one-of-a-kind piece.

The artist will work closely with you to ensure you receive complete satisfaction with the final product. To book a consultation, please contact the gallery with your details and specifications.
