Art that Heals

We are delighted to announce that Peter Triantos was happy to donate a 'Jelly Beans' series to Mount Sinai Hospital, Joseph and Wolf Lebovic Complex. Part of the Sinai Health System, it is internationally recognized for its clinical strengths which include women's and infants' health, chronic disease management, specialized cancer care, emergency medicine, and geriatrics.

Inspired by the sweet and simple joys of childhood, the Jelly Beans series emanates positive energy. Its vivid colours and energetic composition naturally brings a cheerful atmosphere to the clinical environment, while equally remaining modest and mature. We hope to share this sense of lightheartedness to employees and visitors of Mount Sinai Hospital, in support of the Health community in Toronto.
